

## **Apprentice plumber Connor's feeling flush**

Among the South London based students receiving awards was 19 year old Connor Woodgate from Sidcup, who was presented with a special award of £250 and a certificate from the Worshipful Company of Plumbers for his outstanding performance on his Level Two, Level Three and NVQ Plumbing courses at LeSoCo's Deptford campus.

Connor, who now works for Elliotts Plumbing & Heating in Bromley, said: "When I started the course I was really inexperienced but by studying at LeSoCo I gained the knowledge, experience and confidence I needed to get my first job as a plumber. I'm glad I've got my career started but to get an award on top of that is brilliant."
