

## Live interactive webinars bringing together experts to discuss global aspects of water hygiene

**A new programme of 11 free webinars taking place throughout 2014.**

**Wednesday 22nd January 2014 – 1pm GMT**

### **Global View on Water Safety and Introduction to Water Safety Plans**

**Professor Jamie Bartram**, Director of the Water Institute at the University of North Carolina at Chapel Hill, will provide an up to date global picture of water safety including a look at the WHO Water Safety Plan, its origins and use in non-household settings, health based targets in different settings and setting water safety policies.

**Wednesday 19th February 2014 – 1pm GMT**

### **Waterborne Pathogens in Urban Areas: Myths, Presumptions and Facts**

**Dr Sebastian Crespi**, Head of the Department of Clinical Laboratories, Hospital Policlinica Miramar, Palma de Majorca and President of Biolinea, will focus on the implications of waterborne outbreaks in a variety of urban settings including the cruise industry, hotels and leisure centres.
