

12<sup>th</sup> September 2022

Dear Liverymen

I am writing to reflect profound sorrow at the death of Her Majesty the Queen. For many of us she has been our Queen throughout our lives and through a myriad of challenges and changes during her reign.

Her Majesty consistently demonstrated tireless dedication, devotion to duty and service to her people delivered with warmth, integrity, a smile and a sense of humour. As a result of this she created an invaluable measure of stability in our society.

The Company has been privileged to produce a variety of magnificent lead planters for Her Majesty over many years. The last of these was recently placed at the Royal Household Cricket Ground at Windsor Castle to mark her Platinum Jubilee. These Planters will demonstrate the loyalty and devotion of The Worshipful Company of Plumbers to Her Majesty in perpetuity.

National mourning continues until morning after Her Majesty's funeral on 19<sup>th</sup> September; some changes have necessarily been made to Company activities during this period and some postponed (admission interviews and the Plumbers Table).

As we emerge into a new era The Worshipful Company of Plumbers is fully committed to loyally support His Majesty King Charles III and his Queen Consort, an Honorary Liveryman of The Company and to whom I have written on behalf of the Company.

God save the King and the Queen Consort

from the Master, Nick Jones BA ACA
